**DEHRADUN, 19 May:** Summerhill International School embraced the spirit of love and gratitude as it celebrated a Mother's Day event, here, today.

The school's hall was adorned with colourful decorations and filled with an air of excitement, as students, teachers, and families gathered to honour the mothers and mother figures in their lives.

The day commenced with a heartfelt assembly, at which the students of Grades PG to 5 showcased their immense love and appreciation for their mothers. The school choir serenaded the audience with melodious tunes, leaving everyone teary-eyed. The students also delivered heartwarming speeches, poems, and dance that reflected the profound impact their mothers have had on their lives.

The highlights of the event were the delightful performances put forth by the students. The little ones displayed their creativity and talent through captivating dance routines and

soulful songs all dedicated to the mothers who have nurtured them with unconditional love. Each performance was a testament to the special bond between a mother and child.

The event also featured various engaging activities that allowed mothers and children to bond and create lasting memories together. From interactive games and a ramp

show, they filled the atmosphere with joy and laughter. The mothers were thrilled to participate in these activities, cherishing the opportunity to spend quality time with their children.

The celebration would not have been complete without expressing gratitude to the mothers in attendance. As a token of appreciation, each

mother received a personalised card crafted by their child, expressing their heartfelt thanks and admiration.

Promila Kaul, Director of Summerhill International School, expressed her delight at witnessing such a heartwarming celebration. She stated, "Mother's Day is a special occasion for us to honour and appreciate the

incredible role mothers play in shaping the lives of their children. It was truly heartwarming to see the love and gratitude expressed by our students towards their mothers. We believe that events like these strengthen the bond between mothers and children, fostering a nurturing environment in which our students can thrive."
